Lincoln University College, Malaysia organizing the ***8th International Conference on Healthcare and Allied Sciences***. The basic idea behind the conference is to make a platform for the distinguished dignitaries to exchange new ideas and apply hands on experiences to build up new relationships in research. There is also a scope for future collaborations along with global partners. Building up a strong relationship between industry and academia is also among one of the key factors. At the same time, the conference will help to bridge the gap between Biologists, Health officials, Nurses, Medical professionals, Microbiologists, Pharmaceutical Scientists, Physicians and other delegates.

The main focus of the conference is on the latest and most exciting findings in the following areas:

- Healthcare
- Nursing
- Pharmacy
- Biotechnology
- Biochemistry
- Molecular Biology
- Environmental Sciences
- Water Resources
- Food Sciences
- Genetic Engineering
- Health Economy
- Psychology
- Physiotherapy, Sports and Fitness
- Biodiversity
- Microbiology and Immunology and related fields

Extended version of selected papers presented in the conference will published after review in the following Journals (with separate charges as applicable). Please note submission not guarantee publication, all full paper will go through Journal review process.
